6th August 19

Dear Mr. Kantaraj Urs,

In view of His Excellency the Viceroy's approaching visit to the Mysore State, the Hon'ble Mr. Cobb will be glad to know at the earliest possible date whether any addresses are likely to be presented to His Excellency from Communities or public bodies in the Mysore State including the Planter's Association and the Mining Board. I am to explain that the Viceroy's time at Bangalore will be very limited, and the number of addresses should accordingly be restricted as far as possible. In any case, the question as to whether or not His Excellency will be prepared to receive a deputation will have to be submitted to him in the first instance for his orders. Copies of any address proposed to be presented should kindly be furnished me as soon as possible for Mr. Cobb's consideration and for submission if necessary to the Foreign and Political Department.

Yours sincerely

PP 1-19-155

My dear sir,

I have your letter G 3185-6 of 8th instant enquiring whether the City Municipal Council propose to present an Address to His Excellency the Viceroy on the occasion of his forthcoming visit to Bangalore.

The last time an address was presented was in

December 1900 to H.E. Lord-
Curzon, during the Regency
of Her Highness the Maharani
C.I. No address was
presented during the visits
of Lord Minto & Lord Hardi
It is a matter for consideration
whether it is appropriate
for a Municipal Council
in an Indian State to pres
an Address to H.E the Vice

who is the guest of His Highness the Maharaja. The Managing Committee which met yesterday was informally consulted and they saw no reason to depart from the precedent of the last two visits. In this view I have not placed the subject before the full Council

Yours sincerely
W. Wallace Hyett

THE KOLAR GOLD FIELD MINING BOARD.

----:o:----

To

His Excellency the Right Honourable
Lord Chelmsford,
Viceroy and Governor-General of India.

May it please Your Excellency

On behalf of the Directors and Managers of the Companies operating on the Kolar Gold Field and of all sectio of our community, we, the Members of the Kolar Gold Field Mining Board, extend to Your Excellency a most respectful and cordial welcome to the Mines. We have had the honour of receiving a visit from Your Excellency's predecessors - the Lords Curzon, Minto and Hardinge, and this further manifestat of the interest taken by Your Excellency's Government in our industry is particularly gratifying to us all. May we add how pleased we are that our proceedings to-day are graced by presence of Her Excellency.

In the course of a few hours visit it is impossible for Your Excellencies to obtain more than a genera idea of the work accomplished, particularly below ground; but the following particulars will, we trust, convey some indicat of the magnitude of our operations :-

At the present time six British Companies, whose ombined Capital is £ _____, are engaged in developing he resources of this Field. They employ _____ Europeans, _____ Anglo-Indians and _____ Indians, who, with their 'amilies, make up a total population of about _____. n addition, there is a considerable non-mining population whic o a large extent is dependent on the industry.

From the commencement of work in 1880 until he 30th June 1919 _____ ounces of bar Gold have een won, realising approximately £ _____ sterling. f this sum about £ _____ has been disbursed in wages ocally, £ _____ paid to the Government of His Highness he Maharaja of Mysore in respect of Royalty and percentage on ividends, and £ _____ distributed amongst the Share- olders.

To achieve these results it has been necessary o provide, not only a sufficiency of Capital, but a staff ombining wide knowledge and experience, as well as the most p-to-date machinery and appliances to enable the difficulties nd dangers inseparable from deep mining successfully to be vercome. Our endeavours have at all times been generously supported by His Highness' Government in every possible way, nd we are greatly indebted to His Highness' Government for nstalling the famous Cauvery Power Scheme and the Betamangala ater Supply.

Knowing the interest Your Excellency takes in Public Health, the Board would like to make a reference to the measures adopted here to safeguard it.

The Mining Companies support a well-equipped hospital, with a staff including four British Medical Officers, an Indian Graduate of Medicine as Resident Medical Officer, and a full complement of trained nurses. The Hospital has an up-to-date X ray and high frequency apparatus and a Bacteriological Laboratory with all the latest scientific means for the investigation of obscure diseases. A large Sanitary Staff is engaged on each Mine, whose duty it is to report all cases of illness.

With a large floating population attracted by the Gold industry, it is only to be expected that epidemic diseases common to India, such as Plague, Small-pox and Cholera, would be found here. The last named disease, we are happy to say, has not visited us for years, whilst the incidence of the other two is very light. We venture to record that the vital statistics of the Gold Field compare favourably with any large industrial centre in India, being 25.27 per mil. for the quinquennium 1913-17, calculated on a population of 52,300.

In common with all Gold-producing concerns in the Empire, we have suffered very heavily in the retention of the fixed price of £ 3- 17- 9 per standard ounce of Gold without compensatory advantage of any kind, and we would, therefore,

take this opportunity to express our grateful acknowledgments to Your Excellency's Government in connection with the recent decision to take over half of our Gold output, which assists us in meeting our financial engagements in this country without recourse to heavy remittances from London at the ruling high rate of exchange.

We thank Your Excellency for including the Gold Field in Your Excellency's present tour, and trust that Your Excellency will carry away pleasant memories of a visit to a district unique in the country over the destinies of which it is your Excellency's exalted privilege to preside.

2 Dec

Dear Sir

I am desired to ~~enclose~~ ~~for the information~~ forward herewith a Copy of the address which the K-G-B- Mining Board propose to present to H.E. the Viceroy on the occasion of his visit to the Fields in Dec[r] next.

The Hon'ble Mr. H. A. R.

Sir,

In continuation of my letter No. Pol. 202 dt. 19th August 1919 I have been directed to forward herewith a copy of the Address which the Kolar Gold Fields Mining Board propose to present to H.E. the Governor on the occasion of his ~~forthcoming~~ visit to the Fields on the 2nd prox.

I have etc.

Secretary

Mysore

Mr. Chief Secretary

Mr. Secretary

Draft address to His Excellency
The Viceroy, Lord Chelmsford.

On behalf of the citizens of the Capital of the Mysore State, the President and members of the Mysore City Municipal Council beg leave to offer to Your Excellency and Lady Chelmsford our most loyal and hearty welcome to our City. The visit to Mysore of the Representative of His Most Gracious Majesty The King - Emperor is a source of peculiar pride and pleasure on this occasion, coming, as it does, in the memorable year which has seen the British Empire and her Allies victorious in the greatest war known in History - a war in which Mysore has been proud to play her part, and to manifest her devotion to the British Throne.

Our fears and anxieties on account of the scarcity of food grains and fodder are being happily allayed by the showers that Providence has been pleased to send us, recently. After a long period of anxiety and apprehension of Famine, we are enjoying the benefits of a favourable monsoon, and may look forward to a season of renewed agricultural prosperity.

This is not the occasion to refer in any detail to the many lasting benefits that have accrued to us under the progressive and

enlightened (administration) of our beloved Maharaja, His Highness Sri Krishnaraja Wadiyar Bahadur; but we cannot let this opportunity pass without expressing the deep debt of gratitude which this City owes to His Highness, for the keen personal interest which His Highness has ~~all along~~ always taken ~~been taking~~ in its development. The striking improvements visible every where in the City (which, with more in contemplation, will, we have no doubt, make it in course of time one of the most beautiful in India,) are, due to His Highness's inspiration and to the active sympathy and support which His Highness has so graciously extended to us.

In welcoming Your Excellency to Mysore, may we express the hope that Your Excellency's visit, short though it be, to our beautiful country, may be a source of some respite and recreation in the midst of Your Excellency's most arduous duties of State ?

With sincere wishes, for Lady Chelmsford's and Your Excellency's long life and continued welfare, we beg to subscribe ourselves,

Your Excellency's

Most loyal and obedient servants.

15 August 1919

I have the honour to be,

Your Excellency's most loyal & obedient Servants,

The North Mysore Planters' Association.

The South Mysore Planters' Association.

4th September 1919

Dear Sir

With reference to your letter No. 257 Pol., dated the 27th August 1919, forwarding a copy of the draft address which the Kolar Gold Field Mining Board propose to present to His Excellency the Viceroy on the occasion of his visit to the Fields in December next, I am desired to request that you will be so good as to furnish me confidentially as early as possible with such notes, if any, on the matters referred to in the address as seem to call for remarks. Both in this instance and in the case of other Addresses received through you such notes will be very useful in facilitating His Excellency's reply.

Would you also be so kind as to furnish a list of those gentlemen who will be deputed to present the address in this and any other similar case.

Yours sincerely

J. Eustace.

To

[illegible], Esquire, . .,
Deputy Commissioner, Hassan District.

. Balasundaram Iyer, Esquire, B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir,

In continuation of my letter No. C.74-19/H.C. dated 19th August 1919, regarding the presentation of address to HIS EXCELLENCY THE VICEROY by the Nilgiri Europe n Planters' Association of Mysore, I have the honor to forward herewith the copy of the said address received with the letter of 1st September 1919 from the Secretary of the South Indian Planters' Association at Sakleshpur.

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Hassan District.

His Excellency The Hon'ble

Frederick John Napier Baron Chelmsford,

P.C., G.C.M.G., K.C.S.I., C.I.E., C.V.O.,

Viceroy & Governor General of India.

May it Please Your Excellency,

We, the representatives of the Combined Planters' Associations of Mysore most respectfully beg to express our due appreciation of the honour conferred on the inhabitants of Mysore by Your Excellency's visit to this State. As British Subjects domiciled in the Territory of His Highness the Maharajah of Mysore, we desire to give your Excellency the assurance of our loyalty to their Majesties the King Emperor and Queen Empress, and to offer your Excellency a cordial and heart-felt welcome to this historic State.

Having the deepest interest in the welfare and prosperity of this State, we desire to give expression to our matured opinion that no cause has so contributed to retard the industrial development of Mysore as the absence of direct Railway communication with the West Coast. The Port of Mangalore is undoubtedly the natural out-let for the produce of this State, and for 50 years both we and the inhabitants of that Port have been pressing for the necessary connection - a scheme which has received the sympathetic consideration of the Government of India and of Mysore. Now that the War is over, and your Excellency's Government is about to consider Railway projects of Railway Extension, we have every hope that the great interests involved will receive the favourable consideration that they appear to us to deserve.

In conclusion, we feel sure that your Excellency's visit to Mysore will be both pleasing and instructive, and that Your Excellency will carry away the pleasantest impressions of this beautiful and interesting State.

2.

List of en

Mysore City Address.

City Improvement.

Prior to 1903, considerable sanitary improvements had been effected to the Mysore City by the State P.W. Department at an outlay of 5.7 lakhs.

In 1903, a comprehensive scheme of further improvements was foreshadowed, and a law, creating a Board of Trustees for the improvement of the City with necessary powers was enacted, somewhat on the lines of the Bombay City Improvement Trust. The scheme included relief of congestion, removal of insanitary wellings, opening of lung spaces, laying ut of extensions, provision of drainage nd the housing of the poor.

The Board has spent up-to-date 52 akhs, out of which 19 lakhs represents ne outlay on drainage, 14 lakhs that o cquisition, 1.5 lakhs in the shape of oans to private individuals for house- uilding, 1 lakh on model houses, and the alance on establishments.

The Trust Board was getting an annual grant of 3 lakhs from Government till 1914, since which date the grant has varied from 3½ to 4½ lakhs per annum.

Municipal Administration.

The municipal affairs of the Mysore City are administrated by a City Municipal Council constituted under the Mysore -- Municipal Regulation No. VII of 1906 as amended by Regulation No. V of 1918. The Council consists of an Honorary President (the present incumbent Dewan Bahadur Rajasabhabhushana C. Srikantesvara Aiyar is a retired Inspector General of Police ~~in~~ of the State service), an Honorary Vice-President, 19 elected and 9 nominated members. The City has a paid Chief Officer, and a full-time Health Officer with European qualifications in medicine and Public Health. The City has a population of 71,306 according to the census of 1911. The average annual income of the Municipality is Rs.2,49,000 the principal items of revenue being Octroi

Rs.92,104), Tolls (Rs. 28,956) and assess

taxes (Rs. 33,094). The average --

annual expenditure is Rs. 2,53,800, the
principal items being
General administration (Rs. 38,278), Publ

safety (Rs. 17,846), Public works execute

by the Civil Department (Rs. 53,265) and

Public Health and Sanitation (Rs. 83,643)

Address of the Planters.

The coffee planters represent an impo: important industry in the State. There are 129 coffee estates owned by European planters with an extent of 43,270 acres, of which 22,363 acres have been planted. Cardamom and in some cases rubber als are grown in the coffee estates. ~~The~~ Besides the above, 36 estates covering an extent of 5,039 acres are owned by Indian planters.

The European coffee planters have formed themselves into two main Associations, the "North Mysore" and the "South Mysore" Planters' Association. Among the members of the deputation Messrs. X X belong to the North Mysore Planters' Association and X X and to the South Mysore Planters' Association.

write the following up
- receipt of
from D.C. & when
letters have been
sent

The history of coffee industry in Indi is interesting and remantic. Tradition ascribes the import and the first cultivatio

of coffee to a convert to Mahamadanism "Ba Budan" who brought it on his return journe from Mecca and planted it on the Baba Buda hills in the Kadur District in the 16th Century A.D.

The First European plantation is repo ed to be that of Kuum as "Bugsore E planted in about 1840. The industry soon became popular among Eur pean settlers in India, who were attracted by the high elevation and the cool climate required for the cultivation of coffee and the charming scenery of the country.

Connection with the West Coast.

The European Coffee Planters have all along been urging for a direct connection Mangalore, as that port has long been the centre of the coffee exporting trade and i understood to have large coffee curing and other works.

The Mysore Government also have been i search of direct connection with the West Coast for over 30 years and were at one

very keen about Arsikere-Mangalore line. But fuller enquiries damped their enthusiasm for that project and elaborate investigations have been carried out -- actively during the last six years. They have now definitely come to the conclusion that from the stand point of the larger interests of the State as a whole the development of a Port at Bhatkal is more feasible, economical and urgent than the connection with Mangalore. Firstly Bhatkal is much nearer the Mysore frontier than Mangalore. Secondly, in order to open up the Ghat forests and the malnad area, the Government are extending the metre gauge Railway line from Shimoga to the top of the Ghats and the State will soon have a metre gauge line within less than 50 miles of Bhatkal while the distance to Mangalore is much greater. Thirdly, the decent from the top of the

---- ... the coast at Bhatkal is much

easier than it would be if any other

objection be selected. And lastly, the

ort of Mangalore is not open to shippin

or at least three months in the year an

hat the permanent interests of the Stat

equire is a Port which would be open

roughout the year.

Address of the Kolar Gold Field Mining Board.

The information necessary is contained in the notes of His Excellency the Viceroy's Tour Book returned with my D.O. letter No. Pol. 237, dated the 25th August 1919.

. Provisional list of the names of Gentlemen who would present the several addresses to His Excellency the Viceroy.

hic Address:
D," OORGAUM.

THE KOLAR GOLD FIELD MINING BOARD,
OORGAUM,
MYSORE STATE,
S. INDIA.

.....19

To

His Excellency the Right Honourable
Frederic John Napier, Baron Chelmsford,
P.C., G.M.S.I., G.C.M.G., G.M.I.E., G.B.E.,
Viceroy & Governor General of India.

May it please Your Excellency

On behalf of the Directors and Managers of the Companies operating on the Kolar Gold Field and of all sections of our community, we, the Members of the Kolar Gold Field Mining Board, extend to Your Excellency a most respectful and cordial welcome to the Mines. We have had the honour of receiving a visit from Your Excellency's predecessors - the Lords Curzon, Minto and Hardinge, and this further manifestation of the interest taken by Your Excellency's Government in our industry is particularly gratifying to us all. May we add how pleased we are that our proceedings to-day are graced by the presence of Her Excellency.

In the course of a few hours visit it is impossible for Your Excellencies to obtain more than a general idea of the work accomplished, particularly below ground, but the following

particulars will, we trust, convey some indication of the magnitude of our operations:-

At the present time six British Companies, whose combined Capital is £.1,841,000, are engaged in developing the resources of this Field. They employ 357 Europeans, 442 Anglo-Indians and 23,938 Indians, who, with their families, make up a total population of about 52,000. In addition, there is a considerable non-mining population which to a large extent is dependent on the industry.

Since the year 1880 these Companies have been directed by Boards sitting in London, with Messrs. John Taylor & Sons as Consulting Engineers and Managers. The working of the Mines has been attended by conspicuous success, as the following figures will shew. Up to the 30th June 1919 13,271,452 ounces of bar Gold have been won, realising approximately £.51,686,338 sterling. Of this sum about £.13,000,000 has been disbursed in wages locally, £.2,700,000 paid to the Government of His Highness the Maharaja of Mysore in respect of Royalty and percentage on Dividends, and £.19,000,000 distributed amongst the Shareholders.

To achieve these results it has been necessary to provide, not only a sufficiency of Capital, but a staff combining wide knowledge and experience, as well as the most up-to-date

machinery and appliances to enable the difficulties and dangers inseparable from deep mining successfully to be overcome. Our endeavours have at all times been generously supported by His Highness' Government in every possible way, and we are greatly indebted to His Highness' Government for installing the famous Cauvery Power Scheme and the Betamangala Water Supply.

Knowing the interest Your Excellency takes in Public Health, the Board would like to make a reference to the measures adopted here to safeguard it.

The Mining Companies support a well-equipped hospital, with a staff including four British Medical Officers, an Indian Graduate of Medicine as Resident Medical Officer, and a full complement of trained nurses. The Hospital has an up-to-date X ray and high frequency apparatus and a Bacteriological Laboratory with all the latest scientific means for the investigation of obscure diseases. A Sanitary Staff is engaged on each Mine, whose duty it is to report all cases of illness.

With a large floating population attracted by the Gold industry, it is only to be expected that epidemic diseases common to India, such as Plague, Small-pox and Cholera, would be found here. The last named disease, we are happy to say, has not visited us for years, whilst the incidence of the other

two has been very light. We venture to record that the vital statistics of the Gold Field compare favourably with any large industrial centre in India, the Death rate having been 25.27 and the Birth rate 35.74 per mil for the quinquennium 1913-17, calculated on a population of 52,300.

In common with all Gold-producing concerns in the Empire, we have suffered very heavily in the retention of the fixed price of £.3. 17. 9. per standard ounce of Gold without compensatory advantage of any kind, and we would, therefore, take this opportunity to express our grateful acknowledgments to Your Excellency's Government in connection with the recent decision to take over half of our Gold output, which assists us in meeting our financial engagements in this country without recourse to heavy remittances from London at the ruling high rate of exchange.

We thank Your Excellency for including the Gold Field in Your Excellency's present tour, and trust that Your Excellency will carry away pleasant memories of a visit to a district unique in the country over the destinies of which it is your Excellency's exalted privilege to preside.
